## Pre-performance credits

“The northern lights painted the sky with stories we hadn’t heard of yet. We leaned back, letting the colors wash over us. And paint new dreams for us to follow.” –Robyn Petrik

We are thrilled to be a part of the Mid-York Circuit this year, reviving our competitive winter program that has not existed in over a decade. Our show has been designed collectively by the staff, who work to challenge members toward achieving their fullest potential while helping them learn to appreciate the technique, expressive qualities and artistry that is color guard. We are striving to instill a love of the marching arts that has always been a part of the rich history within the West Genesee community. Each one of our members has a unique contribution that can be made to the team and we are very proud of their willingness to learn and grow as performers.
